## CANADA DAY CELEBRATION A SUCCESS

For those of you who missed the fun of our Canada Day Celebration with our friends and relatives from Halifax, we have one thing to say - STUPID HEADS. The party was awesome. We enjoyed the camaraderie, the food and the moonshine from Louisiana. We all laughed at the antics of the young ones in the sack race and the 50-yard swim was a close race - barely won by Clyde Canadian Lobster over Johnny Big Claw. And the impromptu sing-along was very interesting - especially when some of our Canadian friends who had enjoyed a little too much moonshine decided to sing in French and a brawl broke out between our English Canadian neighbors and our French Canadian neighbors. Life in Lobsterville - ain't it grand.

## CRANK CALLS UPDATE

This crank call matter is really starting to get us here at The Lowdown ticked off. The caller or callers have gone so far as to threaten yours truly, the writer and editor of this fine publication. We have taken measures to find the guilty party(s) once and for all and put an end to this nonsense. Without going into details that would risk this covert operation, let's just say that certain individuals in a dark, seedy bar in a remote alley in Washington, D.C. Had better watch out. They have started a war that they can not win. More to follow.

## CLAWS AND TAILS

Remember, surfing classes start on July 10<sup>th</sup>, 2005. Learn all the special moves and become an expert in three easy classes taught by Johnny Big claw - our local surfing guru.

-----  
The Lowdown is in need of an editor. Currently, this reporter is also the editor. However, the reporter's brain runs faster than her fingers and, therefore, we have some typos and inaccuracies in our publication. Those of you interested in the job can apply at our office on Main Street, which,as most of you know, is open occasionally as the spirit moves us. Be persistent, you may find us open someday.

-----  
This issue followed rather closely on the heels of our Second June Issue. That is due to the fact that the Second June Issue was delayed due to time restrains (and a lazy publisher). We are back on schedule and hope to remain that way. But don't hold your breath - we here in Lobsterville tend to operate on our own schedule.
